

How Looking To The Past Can Change Our Future

Last January, I was privileged to take the TEDx stage to share my “idea worth spreading.” It was a great experience and one that I will always remember. I am happy to say that the video of my TEDx talk has just been released and is available for viewing. It might help explain how it is that I am able to find all these stories about my ancestors. If you find any value in it, please take the time to like, comment or share. I’d love to hear what you think.
