

Countdown to Christmas XII

Twas the day before Christmas, and at HVS
Our machines have stopped whirring and we are at rest
The disks we created were received with great joy.

Our clients are happy – each girl and each boy.
For their tapes, films and slides from times long since past;
We transferred them all so that now they will last.

And as families all gather around their TVs
We smile knowing they're watching our DVDs.
To our clients we say with our hearts filled with cheer,
Merry Christmas to all and a Happy New Year!
